Police Visit

As part of 'People who help us' Week, the Squirrel room had a visit from PCSO Clare who supplied the children with endless amounts of knowledge. She also educated them on the ins and outs of the police van, discussing what all of the equipment is used for. The children then got the opportunity to go in the police van and listened to the siren.

Garden Week

As part of Garden week, the Caterpillar Room have been taking part in a range of messy play activities. Some of which included a garden sensory tray where the children explored grass, soil and flowers. They used magnifying glasses to search for bugs whilst exploring the different textures. They also used gardening tools such as forks and trowels to fill some empty plant pots so we could put some seeds in ready to grow. As part of another activity, the children selected different colours to paint their hands with before making some very colourful handprint flowers.

Clean the Road

During this activity, the Butterfly children explored a variety of recycling materials such as plastic, paper and metal items. Their task was to categorise each piece of recycling into the correct bin. This activity supported children's understanding of the environment and introduced the concept of recycling in a easy, hands-on way.

Learning Makaton Signs at Nursery

The children in nursery love playing with the animal toys whilst singing and signing along to 'Down in the Jungle'. Here is a video of the song and signs.
